ABOUT ME

I am Rupesh Shinge, a highly experienced Frontend Developer with 19+ years of experience in designing and developing responsive, user-friendly, and high-performance web applications. I have strong expertise in modern frontend technologies including React.js, Next.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Figma, and Git. Throughout my career, I have worked on building scalable web applications, translating UI/UX designs into pixel-perfect interfaces, and delivering clean, maintainable, and reusable code. I am passionate about creating exceptional user experiences, staying up to date with the latest web technologies, and collaborating with cross-functional teams to deliver high-quality software solutions.

EXPERIENCE

2007 - 2015	HTML developer I am an HTML Developer with experience in building responsive, user-friendly, and visually appealing websites. I have strong knowledge of HTML5, CSS3, jQuery, Bootstrap, and UIKit for creating modern web interfaces. I am also proficient in Adobe Photoshop for basic UI design and image editing, and I use Visual Studio for efficient web development and code management. I am committed to writing clean, maintainable code and delivering high-quality web solutions.
2015 - 2026	Fronted developer I have hands-on experience with HTML5, CSS3, JavaScript, Tailwind CSS, Bootstrap, and UIKit to create modern, mobile-first user interfaces. I also work with React.js and Next.js to develop scalable, component-based applications with excellent user experiences. I am proficient in converting Figma designs into pixel-perfect, responsive web pages while ensuring cross-browser compatibility, accessibility, and performance optimization. I use Git for version control and collaborate effectively within Agile development teams. I enjoy writing clean, maintainable code, solving UI challenges, and continuously learning new technologies to build better digital experiences.
